## Mini Transmitter RT35

## BaseWave

The Mini Transmitter RT35 is the high performance variant of the RT20 with a higher range.

Every transmitter is delivered with a unique code. More than 70 million alternative codes ensure the uniqueness of each code.

The code can be transferred to any number of other transmitters simply at the push of a button, just as easy as duplicating a key.

An easily visible LED flashes when battery change is recommended.

RT35-XX04M-01

### Technical Details

Coding	factory coding with over 70 million options, code duplication by the user is possible
Channels	4 (4 buttons)
Range	300 m under favourable open field conditions
Power Supply	1x 3V battery, CR2032
Operation Indicator	LED
Control	transmission lasts for as long as button is pressed (but max. 36 s)
Degree of Protection	IP54
Operating Temperature	-20 °C to +60 °C
Dimensions	40 x 70 x 17 mm
Weight	25 g (including battery)

### Scope of Delivery

- Mini Transmitter incl. battery
- Mounting Plate
- Programming Connector
- Operating Manual

### Accessories (optional)

- Visor Clip
- Mounting Plate
- Programming Connector
- Battery

### Accessories

RT20-ACC-01

RT20-ACC-02

ACC-CON-01

### Models

Product Key	Description	Frequency
RT35-4104M-01	Mini Transmitter 4-Channel	433.92 MHz
RT35-5004M-01	Mini Transmitter 4-Channel	868.30 MHz
RT20-ACC-01	Mounting Plate	
RT20-ACC-02	Visor Clip	
ACC-CON-01	Programming Connector	
ACC-BAT-05	Battery CR2032
