Built-In Transmitter RTS09 Format 45

The RTS09 is a built-in transmitter belonging to the format series 45 which can be installed directly to all products with a frame dimension of 45x45 mm.

The transmitter can be attached by simply pushing it into the frame.

This allows for comfortably switching electrical consumers ON or OFF with 2-button operation.

RTS09E5002-01-02K

Technical Details

Coding	factory coding with Easywave Telegram
Channels / Frequency	2 / 868.30 MHz
Range	up to 150 m under favourable open field conditions
Power Supply	1x 3V battery, CR2032
